- ▶ A solid background; with core competency in “end to end” distribution.
- ▶ Good clout with the check post authorities & “local unions” .

Our focus on CRM..

Service is not a job or a department. We do not have a tangible “product” to sale. we serve the feel of satisfaction & confidence to our customers.

We believe, to always answer the phone with a smile. A smile can be “heard” across phone.

We strongly believe that : Customers are our ASSET.

A single point contact for the customer: They will be the interface in between to meet customer requirement for all information on the status of dispatches & deliveries.

Hence to interact with the operations team of Pannest & get all the updates & keep the data available for ready reference.

Key Account Management: Face to our Clients.

- Central contact person and support for your business.
- Coordination, flow of information & escalation management.
- Periodic sessions on quality & performance evaluation.
- Ways to enhance service level & way forward.

Our USP reciprocate

- Multi user & stand alone facilities.
- Concept and consulting of a tailor made solutions.
- Analyses of products, target group and volumes.
- Operational management, accounting, invoicing and reporting.
- Excellent & flexible cut-off times.
- Extensive network & better response.

We aim this.....

- è Gain confidence.
- è Lower escalations.
- è Improved JIT.
- è Reduce inventory carrying cost.
- è Increase in sales.
- è Renewal of Contracts.
- è Long term success ...!

The Taj Mahal would not have been so beautiful & everlasting if.....

.....Emperor Shah Jehan would
have invited for tenders
&
given the job to the biggest
contractor!
OR
the lowest bidder!

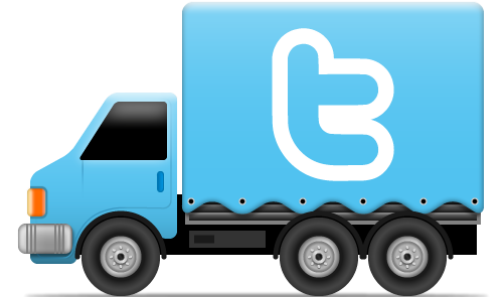

Supply Chain is not only "**SCIENCE**" ; there is some "**ART**" also required
(particularly in India), which is driven by passion
